For more information on the Think Tank #6, and a preview, keep on reading!

Slacker Genius Dr. David Loren can hack into the military industrial complex computer network to reclassify 3-Quinuclidinyl Benzilate from a class 2 pathogen to a class 5 pathogen. He can disassemble the micro-power device of Dr. Sejic to appropriate its extensive battery life for his surface thought reader. But can he save himself from the confines of his own mind?
