In Greek mythology, Aphrodite is the goddess of love, and since you LOVE our comics, have got some great news for you!

This Wednesday, November 6th, hop onto our website, storm the comic shop, or place an order, because **Aphrodite IX Rebirth Volume 1** is here! This sleek paperback volume collects issues 1-5 of Matt Hawkins' revamp of the famous Finch and Wohl character, cybernetically-enhanced super assassin Aphrodite! Awakening in a post-apocalyptic earth, the emerald-haired warrior finds herself caught between two opposing factions of future-humanity, all while struggling against her very own programming – and the monstrous man who programmed her! Including the first of Hawkins' educational "Science Class" pages, and illustrated by the talented Stjepan Sejic, this volume finishes the first story arc, and should prepare readers to grab Issue 6, coming to stores soon!

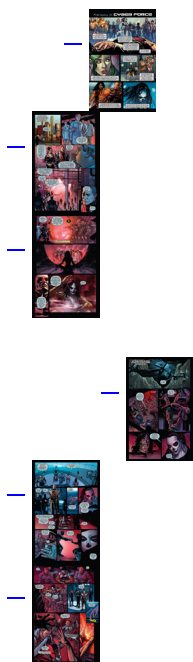

And since you're stopping by the comic store anyway, grab yourself a copy of **Cyberforce #7**.. we're sure you've added the series to your pull list, we just wanted to remind you! Writer Marc Silvestri amps up the conflict of the story's second arc as the devious Killjoy wreaks havoc on our heroes.
