This is it! The penultimate issue!

With this second-to-last issue, the first dramatic story arc Top Cow's science-fact epic prepares for an explosive conclusion! China and the United States stand at the precipice of a third World War - will it be mutually assured destruction, or does the unwilling hero, Dr. David Loren, have what it takes to save the world from this terrible conflict? After all, he did design most of the weaponry - does he hold the key to shutting it down?

For a sneak peek into the issue - *available in stores this Wednesday, 12/4* - check out our preview below!
