This is the issue you've been waiting for - the stunning conclusion to Season One of Matt Hawkins' and Rahsan Ekedal's Think Tank!

Dr. David Loren's time working for the military has brought him love, loss, and more than a few opportunities to showcase his talent for sarcasm, but is all of that about to come to an end? With World War III a very real possibility, a deadly virus spreading faster than wildfire, and the lovely Mirra Sway still missing, David is at a serious crossroads, and a step down the wrong path could leave him - and the rest of the world - at death's door.

Reviewers and readers alike have confirmed the tagline - "Danger: Reading this book will make you smarter!" - so what are you waiting for? Check out the preview for the conclusion of the "Outbreak" story arc below, and pick up the book in stores on 2/12!
